You should verify the information on the page is correct. If you have a coupon or transfer token code, you will need to type it in the **Coupon Code** field. Enter the **Payment Information**. Click **Pay**.
Course Transfer

You may transfer your course at any time during your enrollment period, as long as you have not accessed the final exam. If you have taken the exam already, you will not be eligible to transfer your course and will have to complete the exam in the enrollment period or purchase the course again for a new enrollment period.

To transfer a course, fill out a Transfer Request Form located at https://www.ahip.org/transcript-request-forms The fee for transfers is $25 per course and will be paid at re-registration. The transfer request must be submitted before the end of your enrollment period. Once the transfer request is processed, you will be assigned a token number via email with instructions which you will need to use to re-register for the course. The token is NOT transferable or extendable. It is only valid for the specific course and user requested and must be used by the token’s expiration date.

To use the token, add the course to your shopping cart. On the items tab you will be prompted to insert your token code under the course’s amount. Complete supply the billing and payment information and Click Secure Payment.
Learning Plan

As a PDA you can opt to have AHIP assign a learning plan to your student's account. For instance, if you wanted everyone new to your organization to take Health Insurance 101: An Orientation as a requirement we would assign this course to their learning plan. The student will either see the option to Purchase/Enroll. You will need to request this from our Support Team. Please reach out to our Support Team via e-mail support@AHIPInsuranceEducation.org and we will help assign this learning plan to your employees.
